All warranties extended to Customer assume the Equipment, was/is:

- a. Installed in accordance with AP's instruction
- b. Maintained in compliance with AP's Maintenance Guide and Warranty

In addition to any other exclusion identified in the Agreement, all warranties expressly exclude:

- a. Cosmetic items such as fading, discoloration, dents, marring, weathering, normal wear and tear or damages such as warping, checking or twisting.
- b. Damage caused by abuse, neglect, misuse, vandalism or improper maintenance, ACTS OF GOD, NATURE, WAR OR CIVIL UPRISING.
- c. Damage caused by alteration or modification of Equipment by non-AP- authorized installer

The warranty period shall commence on the date the Equipment is installed by AP or if AP is not installing the Equipment, the date upon which Customer receives delivery of the Equipment. For a claim to be considered, any such claim shall include:

- 1) A legible photograph of the items(s) or condition(s) with Equipment that are the subject of the warranty claim(s)
- 2) Copies of all AP inspection checklists from installation sub-contractor
- 3) A copy of Final Invoice
- 4) A brief written statement explaining the warranty claim
