Material

The table has a 46.19" diameter tabletop and four flat bench seats. The tabletop and seats are 12-gauge perforated steel with a .62" diameter uniform hole pattern. The tabletop and seats feature a traditional edge. Tabletop and seats are plastisol coated with an average thickness of 93 mils (.093") and are finished with high-gloss patented TopCoat®. The table also features a 1.56" diameter umbrella hole in the center. The tabletop is designed to support 100 lbs per square foot and the seats will support 200 lbs per linear foot.

The seat and table supports are made of 1.66" O.D. steel tubing protected with FusionGuard® rust protection and the table is designed to be portable for flexibility in placement.

Finish

TopCoat patented high-gloss finish resists UV deterioration, mildew, staining and fading.

The TopCoat finish has been tested to the requirements of ASTM E 1354 and is determined to be in compliance with California Uniform Fire Code 1103.2.1.4.2.

FusionGuard process ensures that all components of the under supports are coated with a zinc-rich primer. Under supports treated with FusionGuard resist rust four times longer than conventional powder coat finishes in independent testing.

Color

This product is available in the following colors: Black, Blue, Bronze, Brown, Burgundy, Camel, Evergreen, Grey, Navy, Orange, Purple, Red, Silver, Teal, Vanilla, White, and Yellow.

Assembly

Table requires some assembly. Stainless steel assembly hardware is included.

Maintenance

The product is virtually maintenance-free and requires only periodic cleaning with a sponge and a solution of mild detergent and water to remove surface dirt. Do not clean with solvent or petroleum based products.

Warranty

Landscape Fusion products are covered by a seven-year warranty from the date of purchase.
